

Wensink Farm Seeds

4704 Wood Road, Monroeville, OH 44847
(419) 359-1501

WHEAT SEED . . . With only minor head scab showing up this summer, the head scab resistant varieties continued to produce top yields. We now have four different scab resistant varieties available. The new **YUKON** is a early-medium maturity with excellent disease ratings and high yields. We still offer **BLAZE**, an early season variety, the very popular **PATRIOT**, and the super yielding **DENALI**. All carry the Fhb1 Gene for type II Head Scab Resistance. The Certified Varieties include **KOKOSING** and the popular **SUNBURST**. See the enclosed flyer for descriptions and characteristics. *Call for prices.*

RYE SEED We will have rye seed available. *Call for price.*

BARLEY SEED . . . We have **SECRETARIAT** which is a true feed variety. *Call for availability and price.*

SPELT SEED . . . We have the improved variety, **SUNGOLD ULTRA MAX**. This has better yield than Sungold and produces excellent straw. *Call for availability and prices.*

SMALL SEED . . . We carry Multifoliate 4x Alfalfa, Timothy, Orchard Grass, Medium Red Clover, Fawn Fescue (endophyte free), and Buckwheat. *Call for Price.*

RADISHES We have Ground Hog Forage brand radishes. This is one of the best nitrogen mining and nutrient scavenging varieties available. It can be used alone, with cover crop oats, or in mixtures. It is extremely fast growing and deep penetrating. *Call for price and availability.*

OATS Forage/Cover Crop. We have a limited supply. *Call for Price.*

TEST PLOTS . . . Check out our test plots of Corn and Soybeans across the road from the seed house. New hybrids & varieties are included and all are labeled.

COMBINE PARTS We have many combine parts including gathering chains, sprockets, SCH Easy-Cut combine sickle bar conversion kits, **Slippery Shoe** plastic combine skid plate covers, nylon reel **Gentle Fingers** (for wooden bats, steel bats, and the new pipe reel design) and much more.

WENSINK FARM SEEDS

4704 WOOD RD, MONROEVILLE, OH 44847
(419) 359-1501

2023 PRIVATE SEED WHEAT VARIETIES

Blaze → HEAD SCAB RESISTANT

- Early maturity (-2 to Patriot) with excellent tillering
- Carries Fhb1 gene for Type II scab resistance
- Fhb1 gene significantly reduces spread of scab
- Very attractive non-bearded plant with large heads
- Excellent disease ratings & test weight
- Outstanding straw yields
- Very healthy plant with a dark green flag leaf

Denali → HEAD SCAB RESISTANT → YIELDS! YIELDS! YIELDS!

- Medium maturity (+1 to Patriot)
- Outstanding yield & test weight
- Carries Fhb1 gene for Type II scab resistance
- Good disease ratings
- Nice height, deep color, bearded plant
- Uniform big-sized heads
- Very good tillering and many 2nd layer heads
- Exceptional performance with management
- Handles heavier soils and wet situations

Patriot → HEAD SCAB RESISTANT

- Early-medium maturity (-1 to Denali)
- Carries Fhb1 gene for Type II scab resistance
- Beardless variety with great uniform eye appeal
- Super yielding with excellent test weight
- Stripe Rust resistant
- Handles heavier soils & wet situations

Yukon → HEAD SCAB RESISTANT

NEW

- Early-medium maturity (-1 to Denali)
- Carries Fhb1 gene for Type II scab resistance
- Excellent spring tillering adds a lot of second layer heads
- Will produce lots of straw without getting too tall
- Great choice for early planting
- Bright colored straw with a bearded head
- This variety has shown it can do everything Denali can, but a few days earlier

2023 CERTIFIED SEED WHEAT VARIETIES

Kokosing

- Medium maturity, earlier than Sunburst
- High yielding with good test weight
- Excellent disease resistance package
- Medium plant height with good straw strength
- Awnless tan chaffed variety
- Excellent resistance to Fusarium Head Blight & Powdery Mildew
- Moderate resistance to Septoria & Stagonospora Leaf Blotch
- Moderate resistance to Glume Blotch & Stripe Rust

Sunburst

- Consistent high yielder in our plots
- Mid-season beardless variety
- High test weight
- Good disease resistance
- Yellow straw with shorter plant height and excellent straw strength
